*I* chose Saint Mary Magdalen School 17 years ago because I grew up in the parish, and it felt like home.

All of our four girls have graduated from Saint Mary Magdalen. They were very prepared upon entering high school.

Three girls have graduated with honors from high school and subsequently were awarded scholarships of varying amounts to college. Our oldest graduated from college Magna Cum Laude. We feel the foundation for their success was centered around the excellent study skills they received, the mastery of objectives and the nurturing love and devotion from their teachers and principals.
