

The Welker Family
Rob, Barb, Jack and Tommy

We could not be happier with Saint Mary Magdalen School. When we first enrolled Jack in Jr. K-4 we were really impressed with the cost. For half of what we paid for day care he got to go to full time Catholic school. But what keeps us here is everything else.

It is a sacrifice that parents make to send their kids to Catholic school and we are willing to make it for our boys because it is Saint Mary Magdalen. Our boys are receiving a strong Catholic education that will help prepare them for whatever the future may bring. Spend any time at Saint Mary Magdalen and you will notice how the school environment is a very warm and welcoming one. It is a wonderful sight to watch how much the big kids take care of the littler ones.

We are also impressed with what the kids learn about giving to others. They support the missions and local charities and are excited to do so. We are constantly reminded that Saint Mary Magdalen was the best choice we could have made for our boys.
